Bumper Crops Hit Prices

Decline Begun In April May Continue For Several Months

By FRED O. BAILEY
United Press Staff Correspondent
WASHINGTON (UP)—The decline in farm commodity prices begun in mid-April, probably will continue for several months, Department of Agriculture economists believe.

Prospects of larger crops this year will tend to force prices lower, but no sharp break is expected, economists said. Despite expected declines, prices probably will average higher than a year ago, it was said.

Increased marketings at least will offset any price declines so that total farm income this year probably will be at least as great as last year, F. L. Thompson, marketing economist, said.

Tending to prevent any sharp break in prices is the fact that the carryover of principal crops this year will be considerably smaller than normal, it was said. Increased consumer purchasing power also will tend to bolster prices against a fall.

Farm prices on May 15 were 128 per cent of the 1909-1914 average. That represented a two point decline from the April 15 high of 130, a peak reached after several months of steadily rising prices.

Two factors contributed to this decline. One was the immediate supply and demand. The other was prospects of increased production this year. Unless adverse weather upsets calculations, prices will ease downward as the new harvest approaches.

Traveler To Be Club Speaker

Lions Will Hear Ralph Cone At Tuesday Meeting

Placerville Lions will have as their guest speaker Tuesday, Ralph Cone, 24-year-old world traveler.

Mr. Cone was a journalism student at the University of Pennsylvania in 1929 when Old Man Depression came along, and with his last \$30, Cone started West.

Three and a half years later he returned to New York from Europe with \$27.50 and a world of experience.

Some of his exploits included hiking 155 miles from Dawson City to Yukon, in Alaska; going 700 miles on horseback through the Australian bush country; being a guest of a Maori king in New Zealand and sleeping in a Buddhist temple in Siam.

Despite his youth, Cone has addressed more than five hundred audiences.

IRENE WITMER, CAMINO GIRL, TO WED

SACRAMENTO—Friends of Miss Irene Witmer and Kenneth W. Donelson learned yesterday of the betrothal of the couple, who announced the news by cards sent in the mail.

The wedding will be an event of July.

Miss Witmer is daughter of Mr. and Mrs. John Witmer of Camino. She is a graduate of El Dorado County high school and an alumna of University of California. She is employed in the Betty Hale department of Hale Brothers.

Mr. Donelson is a son of Mrs. Charlotte Donelson of Portland, Oregon. He is a graduate of Oregon State college at Corvallis, and is a member of Sigma Nu fraternity. He is employed by the state board of equalization.

The couple will reside in Sacramento.

James M. Barrie, Author, Is Dead

LONDON (UP)—Sir James Matthew Barrie, creator of Peter Pan and other characters who won the hearts of the world, died of bronchial pneumonia in a nursing home today at the age of 77.

ILL—Three specialists were called to examine Dowager Queen Marie of Rumania, at her summer home at Sinala. She failed to recover quickly from grippe and gastric hemorrhages she suffered in March.

S.F. AWAITS SOVIET ACES

3 Russian Airmen On Hop Across Top Of World

SAN FRANCISCO (UP)—Three Russian airmen on an attempted record-breaking 6250-mile nonstop flight over the North Pole from Moscow to San Francisco past Prince Patrick Island in the Arctic Ocean at 4 a. m., PST, today headed for Northern Canada and stormy weather.

The Royal Canadian Signal Corps announced at Edmonton that its radio station at Fort Smith, Northwest territory, heard from the fliers at 4 a. m. Edmonton signal corps officers did not expect the fliers to pass over Edmonton before tonight.

The United States Army Signal Corps radio station at Seattle notified the War Department in Washington at 9:07 a. m., PST, it had contacted the plane and was standing by for further communication. Position of the plane was not given.

Gregory Corkhman Soviet Consul General in San Francisco, received reports of difficult weather along the route the airmen must follow. He was optimistic, however, the plane would make it, and arrive at Oakland airport, across the bay from San Francisco, sometime Sunday.

DRUNKEN DRIVER FINED \$200 SATURDAY

Burr McMahon was fined \$200 or given the alternative of 100 days in the county jail before Justice of the Peace T. F. Lewis Saturday morning when found guilty of drunken driving.

He had been taken into custody on Friday evening by Officer Richard Cornelson, of the state highway patrol.

This, it is reported, is McMahon's third brush with the law within recent months and his second arrest for a motor vehicle act violation.

According to State Highway Patrol Captain E. A. Brewster, McMahon served a jail term some months ago for a conviction on charges of reckless driving.

In lieu of the fine he was remanded to jail Saturday morning.

Earhart Lands In Rangoon

RANGOON, Burma (UP)—Amelia Earhart, flying round the world, reached Rangoon at 7:40 a. m. Greenwich mean time (1:40 a. m. CST) today from Akyab, up the Burmese Coast.

Miss Earhart started three times from Akyab, to be turned back twice by bad weather. From Rangoon her course lay southeastward to Bangkok, Siam.

\$20,000 Asked In Mine Dispute

J. C. Baughman brought suit Saturday against Percy Arthur and others, involving possession of a mining property in the French Creek section which the plaintiff alleges he had located and which Arthur now holds, or presumes to hold. The plaintiff asks judgment of \$20,000 for the property upon the basis of his prior claim. Charles Gilmore of Sacramento, filed the complaint.

Farm Bodies Open Camp

4-H Clubs And Farm Center Members In Frolic At Tahoe

One of the outstanding events of the summer program for El Dorado County 4-H Clubs and Farm Centers takes place this week-end as more than 200 members of the two organizations unite for their second annual overnight camp.

Site of the affair this year is the county campground at Lake Tahoe where an area has been reserved for them, and the camp will be under the general supervision of S. A. Bivans.

Registration for the camp is under the supervision of Miss Ursula Hogan and Louis Wunschel, Jr., and Mrs. Will Miller and Vinton R. Veerkamp are in charge of the camp-fire program.

It was planned that everyone would be in camp by three o'clock Saturday afternoon and to this end two trucks laden with luggage, one driven by Frank Drennan and the other by Everett Haslam, left shortly after noon today for the camp site.

High light of the camp promises to be reached on Saturday evening at the camp-fire program, when Professor Woodbridge Metcalf, extension service forester, will lead in community singing, and Frank Spurrier, assistant state 4-H Club leader, will be a speaker.

In addition the various 4-H Clubs and Farm Centers have been notified that they will be expected to contribute a stunt to the program.

Sunday morning breakfast will be at 7 o'clock with a trip to the Angora Lakes fire lookout of Eldorado Forest as a morning feature. The camp will break up following the Sunday luncheon.

SCIOTS OPEN CAMP ON JULY 3

SACRAMENTO—An all-night dance July 3 will reopen the 35-acre summer camp of the Sacramento pyramid No. 3, Ancient Egyptian Order of Sciots on the Lake Tahoe highway, 41 miles above Placerville.

Funds derived from the dance, first event of a three-day celebration, will be used in the purchase of a water-propelled dynamo lighting unit. The camp will be open to the public.

George M. Jennings is general chairman of the dance, while Toparch J. F. Clausen will head the delegation of Sciots planning to attend.

Lloyd Cannon and James Duane of the Cannon Chevrolet agency, were at Oakland Thursday on automobile business.

"Barn Season" In Theater To Leave Broadway 13 Plays

By JACK GAVER
United Press Drama Editor

NEW YORK (UP)—According to my mail and the calendar, this is the time for that annual piece about the theater going rural in the barns and meeting houses of picturesque vacation centers along the Eastern seaboard while the more elaborate city auditoriums put up the shutters and gather dust until September brings cooler weather and a new season of the legit.

So be it. The annual trek away from Broadway is already on and the summer theaters are opening slowly but surely from Virginia to Maine. By July they will be in full swing, turning out revivals of Broadway successes and new plays with the aid of players who range from the best known pros making guest appearances at respectable salaries to semi-amateurs working for coffee and cakes. As usual there will be the tryouts of a number of new plays which will result in a few being deemed worthy of a fling of Broadway during the next season. Few of these summer plays pan out on Broadway and the crop last season was less successful than usual. The reason for this is that the tryouts hardly ever include plays by the leading dramatists and that fare which serves to pass an evening agreeably in bucolic surroundings finds its real level when exposed to the hard white glare of Broadway.

GUILTY—Marshall Mikhail Tukhachevsky, former Soviet Vice Commissar of Defense, reported to have confessed guilt, with seven other high army men, of a treason plot. He was one of Europe's foremost soldiers.

MARTIAL LAW IN STRIKE

Militia Rules In Pennsylvania Steel Milling Center

By JOE ALEX MORRIS
United Press Staff Correspondent

CLEVELAND (UP)—The federal steel mediation board began a determined effort to end the steel strike today after martial law was declared in one Pennsylvania strike center and similar stern action was hinted in Ohio.

The declaration of martial law at Johnstown, Pa., came almost simultaneously with the start of preliminary conferences here among members of the mediation board, headed by C. P. Taft and seeking to settle the conflict over whether four big independent companies shall sign union contracts.

At the same time, Ohio National Guard headquarters observers closely watched developments in Youngstown and Canton, where back to work marches against picket lines were tentatively scheduled for Sunday and Monday.

At Canton, new outbreaks of violence were reported and angry wives of non-strikers met at a rally to demand reopening of the mills in defiance of the pickets.

Maul Elected To Lion Office

SANTA MONICA (UP)—Thomas Maul of Placerville, was elected Governor of Zone 4-A of the Fourth District of Lions International in session here today. Zone 4-A embraces the clubs of Donner and Butte Councils.

Supervisor Cyril M. Heusner was in town from Shingle on Saturday.

Coloma Lady Burned As Fire Levels Home

Mrs. Tillie Conroy Victim As Flames Destroy Old Bayne Residence On Ranch At Coloma

Mrs. Tillie Conroy escaped with first degree burns about the head, shoulders and arms when a fire, presumed to have started from a spark on the roof, destroyed the old Bayne home, on the John Bayne ranch, near Coloma.

Mrs. Conroy was in the yard attending to the chickens and while returning to the house noticed that the home was ablaze.

She attempted to enter the kitchen, which she found in flames, and her clothing became ignited.

With remarkable presence of mind she wrapped her head in a wet sack and then called for help. She was able to extinguish the flames but not before she had been painfully burned.

She is under the care of Dr. A. A. McKinnon at the home of her sister-in-law, Mrs. Christine Bayne, in Placerville, and is reported to be resting easily.

The residence, of eight principal rooms, was destroyed.

A workman on the ranch, upon hearing Mrs. Conroy's cries, assisted her in extinguishing the flames which menaced her person, and then rushed to the front of the residence in the hope of gaining entry there and saving some of the furnishings.

However, flames by this time blocked the way and the dwelling and contents were destroyed.

According to Mrs. Christine Bayne, the residence and furnishings were insured.

The state division of forestry crew responded to an alarm and was able to prevent the spread of the flames but the fire had gained such headway before being discovered that they had no chance to save the residence.

Goodrich Adds Range Line

General Electric Dealer Showing New Models

Don Goodrich, of the Sportsman's Shop, has added electric ranges to the well-known line of General Electric products for which he has been the representative for, the past 25 years in this county.

In announcing the G-E ranges, Mr. Goodrich calls attention to the "Triple Oven," or three ovens in one.

He says: "In spite of the important advantages of complete oven meals, the more healthful results which they provide and their greater economy, actual investigation shows that less than 25 per cent of the women with ordinary ovens cook complete oven meals, and they only do this less than 25 per cent of the time. Women will not, as a rule, take the time to select the foods that can be cooked together in an oven meal and because they are conscious of the heat wasted in using a large oven to cook a small amount of food, do not secure the maximum advantage from their range."

"General Electric Company," continues Mr. Goodrich, "has developed the only oven which can be used efficiently whether large or small quantities of food are to be cooked. This does not make it necessary to build an oven meal in order to secure maximum economy and permits greater use of the oven at lower cost."

Youths Jailed For Petty Theft

Charged with petty theft, Aubrey Frith and Eddie Ooper, each aged 20 years, were taken into custody at North Sacramento on Friday and returned to this county by Deputy Sheriff William Bathurst.

The young men are charged with the theft of a quantity of wood from a place in the Aukum district. They will appear before Justice of the Peace J. W. Landis, at Diamond Springs.

Sonny Dodini, a patient of Dr. D. W. Babcock for treatment of pneumonia at a Sacramento hospital, is reported as improving and looking forward to returning home about the middle of next week. George Sayers is in charge of Mr. Dodini's wholesale business in his absence.

60 BAY HOTELS TO CLOSE

Operators' Policy Committee Decides Upon Shut-Down

SAN FRANCISCO (UP)—A general shutdown of San Francisco's 60 largest hotels was threatened today.

After a strike of class "A" hotels had spread to two more hostilities, the Olympic and Chancellor, bringing the total to 18, the hotel operators' policy committee ordered managers of 42 class "B" to prepare for a voluntary close-up.

Following a night-long meeting, the operators announced early today the order had been held in abeyance pending a conference with union officials.

The hotel employers said they considered the mass shut-down necessary because of "chaotic conditions" in the city's hotel situation which has been deadlocked since approximately 2,500 employees went on strike May 1, demanding higher wages, shorter hours and preferential employment.

COMPROMISE IN DAMAGE CLAIM APPROVED

In Superior Court on Friday, Judge George H. Thompson approved a basis of settlement of the claims of the minor children of Mabel Moffitt and Sterling Moffitt against the Greyhound Stage lines, for injuries received in an accident near Cottage Grove, Oregon, on or about July 4, last.

The Moffitts live at Garden Valley and the court's approval was necessary to the conclusion of a compromise settlement in behalf of the minors.

It is understood the Moffitts were enroute from Oregon to California at the time of the accident and that settlement has been made by the stage lines with the adults injured in the wreck, which involved the Moffitt car and one of the stages of the Greyhound line.

The adult settlement is said to approximate \$2,000 although this does not appear of record in the petition for approval of the compromise settlement as to the minors.

The compromise settlement as to the minors, four of whom claimed injury, aggregated \$600.

Dr. W. A. Reckers was among those from Placerville at Berkeley Saturday to attend the N. C. A. A. track and field meet.

Roy Lavin, a blister rust worker, was lodged in the county jail on Friday for inquiry as to his sanity.

Gift Received For Hall

Dr. L. J. Anderson chairman of the community committee on the Junior Community Hall, nearing completion on the city property on Benham street, announced Saturday morning that the donations to the building, in cash, material and labor, have been augmented by the gift of two pieces of plumbing fixtures by Mr. and Mrs. Frank Wudell.

Dr. Anderson estimates that a fund of \$200 will complete the building and has asked the newspapers to voice an appeal for contributions in this amount.

Anyone wishing to contribute to the hall fund may leave his contribution at Dr. Anderson's office or, in the event that office is not open, he may leave it at this office, and it will be turned over to Dr. Anderson.

Minutes of Board of Supervisors

Monday, June 14th, 1937

The Board having adjourned until this time, with the following members of the Board being present to-wit:—Hall, Green, Heusner, Bassi and Breedlove and Arthur J. Koletzke, Clerk of the Board.

Whereas, a tract of land described as a portion of the SW $\frac{1}{4}$ of Section 33, Township 11 North Range 12 E, M. D. M. and portion of Lot 4 of Section 3 and a portion of Lot One, Section 4 in Township 10 N, Range 12 East, M. D. and M., about 2 miles Northeast from the town of Camino, in the County of El Dorado, State of California, designated Pine View Subdivision, has been subdivided into lots for the purpose of sale and the owners thereof have caused to be made out an accurate map or plat thereof designated Pine View Subdivision, setting forth particularly and describing the said lots as required by that certain act. "Act requiring the recording of which such maps may be recorded and prohibiting the selling or offering for sale of lands by reference to said maps unless the same are recorded.

Approved March 15th, 1907 Chapter 231 and Acts Amendatory thereof.

And whereas the said map so made and endorsed and acknowledged by the owners of said tract designated Pine View Subdivision has been presented to the Board of Supervisors of El Dorado County for approval and the certificate of the County Auditors of El Dorado County being endorsed in said map showing that there are no liens or unpaid State, County, Municipal or other liens and all the provisions of the law in such case made and provided having been complied with. Now therefore, it is hereby ordered by the Board of Supervisors of the County of El Dorado that the said map designated Pine View Subdivision be and the same is hereby approved and it is further ordered that the said map be filed in the office of the County Recorder of El Dorado County on the official map of said Pine View Subdivision.

RESOLUTION

In the Matter of the sale of real estate hereinafter described, under Section 3897 of the Political Code of the State of California, the following resolution was passed and adopted and entered upon the minutes of the Board. Be it resolved, that we do declare it to be the judgment of this Board that the property hereinafter described and which is now owned by the State of California, is not at this time of great enough value so that the same can be sold by the State of California, for a sum equal to the amount of all taxes levied upon said property and all penalties, costs and interest and expenses up to date of sale, and that it would be for the best interests of the State of California, to sell the said property for the sum set out and costs of sale specified for the following described property to-wit:

Property Sold to State June 26th, 1928 for the taxes of 1927.

Assessed to Effie G. Smith; Deed No. 3784. Description: W $\frac{1}{2}$ of NE $\frac{1}{4}$; Lot 1 of NW $\frac{1}{4}$; NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 31, Twp 11, N., Range 12 East, M. D. M. To be sold for not less than the sum of \$10.00.

Property Sold to State June 28, 1929, for the taxes of 1928

Assessed to W. A. Dow; Deed No. 3957; Description: S $\frac{1}{2}$ of SW $\frac{1}{4}$ of Section 27, Twp 8, Range 13; SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 28, Twp 8, Range 13.

BE IT FURTHER RESOLVED, that the Tax Collector of the County of El Dorado, be and he is hereby instructed to make application to the State Controller of the State of California, for authorization to advertise and sell said property at public auction to the highest bidder for cash lawful money of the United States, and it is further ordered that the necessary advertising be done at the expenses of El Dorado County, and that such expense to be a charge against the purchaser of purchasers of the said property so offered for sale. To be sold for not less than the sum of \$10.00.

YOUR GOOD HEALTH

We Can Live Without Sunshine, But Not Without
Foods Raised in the Sun

By CLAUD NORTH CHRISMAN, M.D.

THE ancients worshipped the sun
and considered it the source of
all good. We moderns sometimes
get the notion that sunshine will
cure all our ills. If we read the
advertisements and listen to the
radio, we will find that sun-
lamps will supposedly cure
our troubles.

The various
rays of the sun
are of vast
benefit to us
and to the en-
tire animal and
vegetable king-
dom. This is
true if properly
used, but like
all good things
the idea can be overdone. But,
neither man-made machines nor
natural sunlight will accomplish
all that has been claimed for them.

The ultra-violet portion of sun-
light produces changes in certain
foods such as fats and oils which
prevent and cure rickets in those
who eat these foods. Sunlight or
machine-made ultra violet rays
produce vitamin D in the skin.

Vitamin D in the skin or in foods
corrects the lack of balance be-
tween calcium and phosphorus in
the blood, a lack which results in
the disease called rickets.

The heat waves of sunlight, the
red and infra red, give a sensation
of warmth and an increased blood
supply to the exposed surface and
thus relieve pain. They may cause
profuse sweating which cools the
body by increasing evaporation.

Tuberculosis of the bones and cer-
tain skin diseases are much bene-
fited by exposure to direct sun-
light. Tuberculosis of the lungs is
often harmed by too much direct
sunshine.

After a long, hard, dark winter.

we all feel better when the sun
comes out and shines brightly.
Our energies and with it a
sensation that all is now well with
the world. After a few warm sun-
shiny days we become languid and
lazy and say we have spring fever.
We feel all right, but do not want
to do anything. It isn't the sun-
shine, it is just that we want
to do nothing but enjoy it.

It is our natural feeling that we
cannot live and enjoy good health
without an abundance of sun. It
does do us great good but we can
get along without it, if our diet is
adequate.

The Eskimos, who see very little
sunshine, live long and happily
and enjoy good bone structure,
have almost perfect teeth so long
as they eat their native foods of
fat, oils, fish livers, kidneys and
blubber, but when they turn to
the foods of civilized man, their
teeth decay and they develop all
the conditions due to lack of sun-
light.

Mules kept down in mines all
their lives and seldom see daylight
show no bad results from this
lack.

We, the so-called civilized hu-
mans, can exist very well without
direct sunlight, providing the foods
we eat are raised in the sun. They
store up the vitamins from the
earth and the sun rays and give
them healthful qualities.

One of the great troubles with
our present raising of fruits and
vegetables is that so many of them
are taken from the ground and
picked from the trees before ma-
turity. They ripen in warehouses
and freight trains with the result
that they lack many of the ele-
ments necessary for our well-being
because they do not receive sun-
light for the ripening process. We
need a little more of nature's
provisions in our civilization.

Garden Valley, Ted Hodapp and John
Scherrer from Placerville. All were
taking in the sights of the town.

Wesley Fox spent a week at home
with his parents, Mr. and Mrs. Wm.
Fox. Wesley has been employed in a
mine near Calaveras and has trans-
ferred to the Ophir mine near Auburn,
Placer County.

J. H. Gallagher and son, of Coloma,
have recently purchased a new truck
for hauling fruit and other things that
may come along.

Henry Bacchi took a bunch of his
cattle up to his mountain range near
Peavine, Friday last, for the summer
months. Another bunch, about the
windup, will be taken up as soon as
they can be rounded up.

Dennis O'Brien came home from the
logging camp near Sonora Saturday
evening and visited with his wife and
family, returning Sunday afternoon to
be on deck for Monday morning.

A very pleasant gathering took place
Thursday afternoon at the home of
Mr. and Mrs. Albert Herzog, Sr., on the
Rose Hill ranch below Lotus. Card
playing was on hand with some six
tables playing. A buffet lunch was set
out by Mrs. Herzog and her daughter-
in-law, Mrs. Marcela Herzog, which all
present enjoyed. Those who attended
the doings of the afternoon are Mrs.

Ray Rosenberger and two daughters
went to Oakland Saturday and return-
ed Sunday with Mrs. Rosenberger who
has been visiting in the bay city for
the past week. Ray saw the two bay
bridges on his trip and drove over
them.

Jim Trenton, wife, and family, came
up from San Francisco last week and
are spending their vacation with the
Luneman brothers in the Webber
Creek district.

Miss Daisy Shulze of Oakland, came
up a week ago and is taking a rest
and spending her vacation at her sum-

Bumper Crops Hit Prices

(Continued from Page 1)
great plains "bread basket" would tend to reverse the price trend and might even send prices higher than for last year's crop, economists said.

Wheat and cotton prices suffered the greatest price losses during the past month. Wheat, more than 15 cents a bushel below the high point, and cotton is off approximately 2 cents a pound.

Declines in prices of calves, sheep and lambs were more than offset by price advances on cattle and hogs. The latter was affected by increased corn prices. Fruit and truck crop prices registered substantial gains.

Despite the price decline starting in mid-April, farm income in that month was the highest in seven years. Department of Agriculture reports said. Total farm income was \$659,000,000, of which \$76,000,000 was AAAA benefit payments, compared with a \$530,000,000 total in April, 1936.

The carryover of principal farm products will be the lowest since start of the depression, economists said. The carryover of wheat will be less than 100,000,000 bushels and the lowest since 1919, it was forecast.

The corn carryover, as a result of the 1936 drought which cut the crop a 1,000,000,000 bushels short, will be the smallest in 20 years, it was said. The cotton carryover will be 1,000,000 bales below last year's carryover of 6,950,000 bales, the department forecast.

"It is obvious," Thompson commented, "that the present supply situation is such as to absorb at least a normal crop in most commodities without greatly affecting the price situation."

MAKING MONSTERS To Move a Mighty Age

MONSTERS IN THE MAKING—Huge buildings, huge ships, huge industrial plants, demand enormous power to run them. Huge electrical machines, bigger than the world has ever seen before, must produce that power. Here are some of them in the making. Upper left: A workman puts the finishing touches to the armature of a huge direct-current generator, destined to supply power for a Youngstown mill, making it the most heavily powered steel strip mill in the world. Upper right: Half-mile long assembly floor of the Westinghouse Electric plant at East Pittsburgh, with two giant generators undergoing tests in foreground. Lower left: Stator, or stationary part, of a 3,000-kilowatt generator. Lower right: Eighty-ton steel-mill motor flywheel, made of rolled steel plates welded together. It will spin at 375 revolutions a minute.

Egg Salad With Onions A Good Luncheon Dish

By JUDITH WILSON

WHEN you wonder what you should serve, consider a salad. Whether it is for luncheon, dinner, supper or a pick-up snack in the afternoon or evening, there is a salad that is just right. When the thermometer soars, everyone enjoys crisp green things.

Keep your salads light and cool when they are served as an accompaniment, but make them as nourishing as you wish when the salad is the main course.

Luncheon Egg Salad
Line a chilled salad bowl with crisp lettuce leaves. Shell and slice 12 hard cooked eggs and peel and slice 5 medium-sized, mild onions. Arrange the onion and eggs in alternate layers. Over them pour a dressing made from 4 tablespoons salad oil, 2 tablespoons sharp vinegar, 1½ teaspoon salt, ¼ teaspoon pepper, ½ teaspoon paprika, 1 teaspoon Worcestershire sauce and 1 tablespoon minced parsley. Sprinkle the top of the salad with ¼ cup grated American cheese or a little crumbled Roquefort. Six servings.

Frozen Fruit Salad
Prepare a cooked dressing as follows: Blend 1 cup sugar and 4 teaspoons cornstarch. Add 1 cup pineapple juice drained from 1 large can pineapple rings and cook in a double boiler until the mixture is thick and clear. Pour slowly over the slightly beaten yolks of 2 eggs. Add 6 tablespoons orange juice, 2 tablespoons lemon juice and a few grains salt. Return to the double boiler and cook until the mixture has reached the consistency of custard. Chill.

Now combine 1 cup sliced strawberries, ½ cup pineapple drained and cut in pieces, 8 medium marshmallows cut into small pieces and a few grains salt. Whip ½ cup cream until stiff and fold into 1 cup of the cooked salad dressing and add to the fruit mixture. Fill small paper cups with the salad mixture, place in the refrigerator

tray and freeze until firm. Remove the paper cups from the salad and serve on crisp lettuce leaves with the remaining dressing.

Tomato Jelly Rings
Put 4 cups canned tomatoes, 2 peeled, sliced onions, 1 diced, seeded green pepper, 1 cup diced celery, 1 teaspoon salt, 3 cloves and add 2 tablespoons granulated gelatin that has been softened in ¼ cup cold water and stir until dissolved. Put into individual ring molds and chill until firm. When ready to serve, unmold on salad greens and fill the centers of the rings with avocado that has been diced and seasoned with lemon juice, a dash of onion juice and salt. Pass French or Russian dressing and serve tiny cheese biscuits as an accompaniment.

Anchovy Dressing
Boil 6 cloves of garlic in 1 cup water for 15 minutes or until the garlic is very soft. If any water remains use it in the dressing. Mash the garlic, add 8 anchovies chopped fine, 1 tablespoon capers, 6 tablespoons salad oil, 2 tablespoons vinegar, a dash of tabasco sauce and a few grains pepper. Taste and add a little salt if needed. The anchovies are usually so salty that this is unnecessary, however. This dressing is good with a salad of mixed greens or a combination of raw and cooked vegetables.

TEST FAILS

BOURNEMOUTH, Eng. (UP)—An experiment made here indicated that tipping cannot be abolished. When a new hotel was opened, an effort was made to carry on without tips, but the guests seemed to feel that they could not get proper attention unless they gave gratuities.
